Unsung Heroes of the CANAM Net

"Unsung heroes" are individuals whose impactful actions, often courageous or selfless, go largely unnoticed or unappreciated. They are individuals who make significant contributions but don't receive the recognition they deserve. This can apply to various contexts, from historical figures to everyday people. We are very fortunate to have 4 individuals in our group who are these Hero's!

+++++ Rob N8BEG Rob is a long time member and is NCS on Tuesday but frequently fills in for others who cannot operate on a specific day. Rob always says Yes and is a very good NCS too. His relaxed style with some "Rob humor" and weather analysis is a real plus for us. Thanks Rob for your unsung but recognized by me (the Net Manager K2KA) efforts. Rob is an omnipresent member.

+++++ Pat VE3HZQ Pat is a relatively new member and quickly jumped to NCS and Logging. Pat is a great NCS and logger, uses SDR to receive sometimes. Pat often fills in for others. I can't imagine a day without Pat checking in. We wish him luck on putting up his tower and await his melodious tones on 6M. Thanks Pat.

+++++ Jim WB2TJO Jim is also a relatively new member and quickly stepped forward to be NCS and Logger. With Pat the CANAM Net Fantastic Duo is very much appreciated. Jim also volunteered to create the map showing all regular net check ins. Go to CANAM Net Info then Callsign Reference list on our website. Thanks Jim.

+++++ Rick WN3T Rick is the Assistant Manager and also is NCS and Logger. Rick together with Rob N8BEG make the NA CANAM Net Dynamic Duo! They fill in for other NCS and or Loggers who can't do it that day. I can't say enough about Rick. His selfless contributions to our net are immense. I cannot imagine a day without Rick on it. Thanks Rick
